| | : | FOR VIOLATIONS OF THE |

| | X | |

Plaintiffs, by their undersigned attorneys, individually and on behalf of the Class described below, upon information and belief, based upon, *inter alia*, the investigation of counsel, which includes a review of public announcements made by Defendants, interviews with individuals with knowledge of the acts and practices described herein, Securities and Exchange Commission ("SEC") filings made by Defendants, press releases, and media reports, except as to Paragraph 15 applicable to the named Plaintiffs which is alleged upon personal knowledge, bring this Consolidated Amended Complaint (the "Complaint") against the Defendants named herein, and allege as follows:

NATURE OF THE ACTION

1. This is a securities class action alleging violations of the federal securities laws in connection with the initial public offering conducted on or about August 18, 1999 of 5,000,000 shares of Netro Corp. ("Netro" or the "Issuer") at \$8.00 per share (the "IPO"), the follow-on public offering conducted on or about March 17, 2000 of 6,000,000 shares of Netro at \$82.50 per share (the "Secondary Offering"), and the trading of Netro common stock in the aftermarket from

the date of the IPO through December 6, 2000, inclusive (the "Class Period"). The IPO and the Secondary Offering will, at varying times, be collectively referred to hereinafter as the "Offerings."

2. In connection with these Offerings, certain of the underwriters named as Defendants herein (and defined below as the "IPO Underwriter Defendants") participated in a scheme to improperly enrich themselves through the manipulation of the aftermarket trading in Netro common stock following the IPO.

3. In this regard, the IPO Underwriter Defendants created artificial demand for Netro stock by conditioning share allocations in the IPO upon the requirement that customers agree to purchase in the aftermarket and, in some instances, to make those purchases at pre-arranged, escalating prices ("Tie-in Agreements").

4. As part of the scheme, the IPO Underwriter Defendants required their customers to repay a material portion of profits obtained from selling IPO share allocations in the aftermarket through one or more of the following types of transactions: (a) paying inflated brokerage commissions; (b) entering into transactions in otherwise unrelated securities for the primary purpose of generating commissions; and/or (c) purchasing equity offerings underwritten by these underwriters, including, but not limited to, secondary (or add-on) offerings that would not be purchased but for the unlawful scheme alleged herein. (Transactions "(a)" through "(c)" above will be, at varying times, collectively referred to hereinafter as "Undisclosed Compensation").

5. In addition, the IPO Underwriter Defendants' scheme enabled certain of them to further capitalize on the artificial inflation in Netro's stock by underwriting the Secondary Offering

and receiving substantial fees in connection therewith -- in fact, the amount of disclosed compensation paid was directly tied to Netro's manipulated stock price.

6. In connection with the IPO, Netro filed with the SEC a registration statement ("IPO Registration Statement") and a prospectus ("IPO Prospectus"). The IPO Registration Statement and IPO Prospectus will be, at varying times, collectively referred to hereinafter as the "IPO Registration Statement/Prospectus." The IPO Registration Statement/Prospectus was declared effective by the SEC on or about August 17, 1999.

7. The IPO Registration Statement/Prospectus was materially false and misleading in that it failed to disclose, among other things further described herein, that the IPO Underwriter Defendants had required Tie-in Agreements in allocating shares in the IPO and would receive Undisclosed Compensation in connection with the IPO.

8. In connection with the Secondary Offering, Netro filed with the SEC a registration statement (the "Secondary Offering Registration Statement") and a prospectus (the "Secondary Offering Prospectus"). The Secondary Offering Registration Statement and the Secondary Offering Prospectus will be, at varying times, collectively referred to hereinafter as the "Secondary Offering Registration Statement/Prospectus." The Secondary Offering Registration Statement/Prospectus was declared effective by the SEC on or about March 17, 2000.

9. The Secondary Offering Registration Statement/Prospectus was materially false and misleading in that it misrepresented or failed to disclose, among other things further described herein, that the price at which the Secondary Offering was sold to the public was artificially inflated and the product of a manipulated market. Also omitted from disclosure in the Secondary Offering Registration Statement/Prospectus, was the material fact that the demand for the

Secondary Offering was artificially inflated. Specifically, customers of the underwriters named as Defendants herein in connection with the Secondary Offering in order to receive allocations of shares in this IPO and/or other "hot" initial public offerings, were required by these Defendants to purchase shares in the Secondary Offering.

10. As part and parcel of the scheme alleged herein, certain of the underwriters named as Defendants herein also improperly utilized their analysts, who, unbeknownst to investors, were compromised by conflicts of interest, to artificially inflate or maintain the price of Netro stock by issuing favorable recommendations in analyst reports.

11. The Individual Defendants (defined below) not only benefitted from the manipulative and deceptive schemes described herein as a result of their personal holdings of the Issuer's stock, these defendants also knew of or recklessly disregarded the conduct complained of herein through their participation in the "Road Show" process by which underwriters generate interest in public offerings.

JURISDICTION

12. This Court has jurisdiction over the subject matter of this action pursuant to Section 22 of the Securities Act of 1933 (the "Securities Act") (15 U.S.C. § 77v) and Section 27 of the Securities Exchange Act of 1934 (the "Exchange Act") (15 U.S.C. § 78aa) and 28 U.S.C. § 1331.

13. Plaintiffs bring this action pursuant to Sections 11 and 15 of the Securities Act (15 U.S.C. §§ 77k and 77o) and Section 10(b) and 20(a) of the Exchange Act as amended (15 U.S.C. §§ 78j(b) and 78t(a)), and Rule 10b-5 promulgated thereunder (17 C.F.R. § 240.10b-5). Venue is

proper in this District as many of the material acts and injuries alleged herein occurred within the Southern District of New York.

14. In connection with the acts alleged in the Complaint, Defendants, directly or indirectly, used the means and instrumentalities of interstate commerce, including, but not limited to, the mails, interstate telephone communications and the facilities of the national securities markets.

PARTIES

PLAINTIFFS

15. Plaintiffs Christian Grubb, Judith Grubb and Robert Hoffman (collectively "Plaintiffs") purchased or otherwise acquired shares of Netro common stock traceable to the Offerings, in the open market or otherwise during the Class Period, at prices that were artificially inflated by Defendants' conduct and were damaged thereby.

Collectively, the IPO Underwriter Defendants and the Secondary Offering Underwriter Defendants will be, at varying times, referred to hereinafter as the "Underwriter Defendants."

THE ISSUER DEFENDANTS

THE ISSUER

21. At the time of the IPO, Netro was a California corporation with its principal executive offices located in California. Defendant Netro, as set forth in the IPO Registration Statement/Prospectus, is described as a provider of wireless networking equipment.

THE INDIVIDUAL DEFENDANTS

22. Defendant Gideon Ben-Efraim ("Ben-Efraim") served, at all relevant times, as the Issuer's President, Chief Executive Officer and as a member of the Issuer's Board of Directors. Ben-Efraim signed the IPO Registration Statement and the Secondary Offering Registration Statement.

23. Defendant Michael T. Everett ("Everett") served, at all relevant times, as the Issuer's Chief Financial Officer. Everett signed the IPO Registration Statement and the Secondary Offering Registration Statement.

24. Defendant Richard Moley ("Moley") served, at all relevant times, as the Issuer's Chairman of the Board of Directors. Moley signed the IPO and the Secondary Registration Statement.

25. Defendants Ben-Efraim, Everett and Moley will be, at varying times, collectively referred to hereinafter as the "Individual Defendants."

26. The Issuer and the Individual Defendants will be, at varying times, collectively referred to hereinafter as the "Issuer Defendants."

CLASS ACTION ALLEGATIONS

27. Plaintiffs bring this action as a class action pursuant to Rule 23(a) and (b)(3) of the Federal Rules of Civil Procedure on behalf of a class consisting of all persons and entities who purchased or otherwise acquired the common stock of the Issuer during the Class Period and were damaged thereby (the "Class"). Excluded from the Class are Defendants herein, Defendants' legal counsel, members of the immediate family of the Individual Defendants, any entity in which any of the Defendants has a controlling interest, and the legal representatives, heirs, successors or assigns of any of the Defendants.

28. Members of the Class are so numerous that joinder of all members is impracticable.

(a) Millions of shares of common stock were sold in the Offerings, and the stock was actively traded during the Class Period; and

(b) While the exact number of Class members is unknown to the Plaintiffs at this time and can only be ascertained through appropriate discovery, Plaintiffs believe that there are hundreds, if not thousands, of Class members who purchased or otherwise acquired the Issuer's common stock during the Class Period.

29. Plaintiffs' claims are typical of the claims of the other members of the Class. Plaintiffs and the other members of the Class have sustained damages because of Defendants' unlawful activities alleged herein. Plaintiffs have retained counsel competent and experienced in class and securities litigation and intend to prosecute this action vigorously. The interests of the Class will be fairly and adequately protected by Plaintiffs. Plaintiffs have no interests that are contrary to or in conflict with those of the Class which Plaintiffs seek to represent.

30. A class action is superior to all other available methods for the fair and efficient adjudication of this controversy. Plaintiffs know of no difficulty to be encountered in the management of this action that would preclude its maintenance as a class action. Furthermore, since the damages suffered by individual members of the Class may be relatively small, the expense and burden of individual litigation make it economically impracticable for the members of the Class to seek redress individually for the wrongs they have suffered.

31. The names and addresses of the record purchasers of the Issuer's common stock are available from the Issuer, its agents, and the underwriters who sold and distributed the Issuer's common stock in the IPO and Secondary Offering. Notice can be provided to Class members via a combination of published notice and first class mail using techniques and forms of notice similar to those customarily used in class actions arising under the federal securities laws.

32. Common questions of law and fact exist as to all members of the Class and predominate over any questions solely affecting individual members of the Class. Among the questions of law and fact common to the Class are:

- (a) Whether the federal securities laws were violated by Defendants' misconduct as alleged herein;
- (b) Whether the IPO Registration Statement/Prospectus omitted and/or misrepresented material facts;
- (c) Whether the Secondary Offering Registration Statement/Prospectus omitted and/or misrepresented material facts;
- (d) Whether Defendants participated in the course of conduct complained of herein;

(e) Whether, solely with respect to claims brought under the Exchange Act, the Defendants named thereunder acted with scienter; and

(f) Whether the members of the Class have sustained damages as a result of Defendants' conduct, and the proper measure of such damages.

SUBSTANTIVE ALLEGATIONS

33. Plaintiffs hereby incorporate by reference the "Introductory" section of the Master Allegations, as if set forth herein at length. Plaintiffs also adopt and incorporate herein by reference the allegations set forth in the Master Allegations that specifically relate to each of the Underwriter Defendants as if set forth herein at length.

THE IPO

34. Netro's IPO of 5,000,000 shares was priced at \$8.00 on or about August 17, 1999. The sale and distribution of this firm commitment offering was effected by an underwriting syndicate consisting of, among others, the IPO Underwriter Defendants. Additionally, Netro granted the underwriting syndicate an option to purchase a maximum of 750,000 additional shares at the initial offering price less underwriting discounts and commissions.

35. On the day of the IPO, the price of Netro common stock shot up dramatically, trading as high as \$29.125 per share, or more than 264% above the IPO price on substantial volume. This "impressive" debut however, was not the result of normal market forces; rather, it was the result of Defendants' unlawful practices more fully described herein.

36. The unlawful practices continued during the Class Period as the price of Netro rose dramatically. For example, on March 10, 2000, just one week before the Secondary Offering, Netro reached a high of \$119.625 per share, a staggering 1395% above the IPO price.

UNLAWFUL CONDUCT IN CONNECTION WITH THE IPO

37. Consistent with their conduct in other initial public offerings, as set forth in the Master Allegations, the Underwriter Defendants engaged in manipulative and/or other unlawful practices described more fully herein in connection with the Netro IPO.

38. Customers of each of the IPO Underwriter Defendants, as a condition to obtaining an allocation of stock in the IPO, were required or induced to enter into Tie-in Agreements and/or pay Undisclosed Compensation.

**THE IPO REGISTRATION STATEMENT/PROSPECTUS
WAS MATERIALLY FALSE AND MISLEADING**

39. In conducting the IPO, the IPO Underwriter Defendants knowingly violated Regulation M promulgated pursuant to the Exchange Act. Rule 101(a) of Regulation M reads as follows:

Unlawful Activity. In connection with a distribution of securities, it shall be unlawful for a distribution participant or an affiliated purchaser of such person, directly or indirectly, to bid for, purchase, or attempt to induce any person to bid for or purchase, a covered security during the applicable restricted period.

17 C.F.R § 242.101.

40. As explained by the SEC's Staff Legal Bulletin No. 10, dated August 25, 2000, tie-in agreements violate Regulation M:

Tie-in agreements are a particularly egregious form of solicited transactions prohibited by Regulation M. As far back as 1961, the Commission addressed reports that certain dealers participating in distributions of new issues had been making allotments to their customers only if such customers agreed to make some comparable purchase in the open market after the issue was initially sold. The Commission said that such agreements may violate the anti-manipulative provisions of the Exchange Act, particularly Rule

10b-6 (which was replaced by Rules 101 and 102 of Regulation M) under the Exchange Act, and may violate other provisions of the federal laws.

Solicitations and tie-in agreements for aftermarket purchases are manipulative because they undermine the integrity of the market as an independent pricing mechanism for the offered security. Solicitations for aftermarket purchases give purchasers in the offering the impression that there is a scarcity of the offered securities. This can stimulate demand and support the pricing of the offering. Moreover, traders in the aftermarket will not know that the aftermarket demand, which may appear to validate the offering price, has been stimulated by the distribution participants. Underwriters have an incentive to artificially influence aftermarket activity because they have underwritten the risk of the offering, and a poor aftermarket performance could result in reputational and subsequent financial loss. (Emphasis added).

41. In particular, the IPO Registration Statement/Prospectus stated:

Until the distribution of our common stock is completed, rules of the Securities and Exchange Commission may limit the ability of the underwriters and certain selling group members to bid for and purchase our common stock. As an exception to these rules, the representatives are permitted to engage in certain transactions that stabilize the price of our common stock. Such transactions consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of our common stock.

If the underwriters create a short position in our common stock in connection with the offering, that is, if they sell more shares of common stock than are set forth on the cover page of this prospectus, the representatives may reduce that short position by purchasing common stock in the open market. The representatives may also elect to reduce any short position by exercising all or part of the over-allotment option described above.

The representatives may also impose a penalty bid on certain underwriters and selling group members. This means that, if the representatives purchase shares of our common stock in the open market to reduce the underwriters' short position or to stabilize the price of our common stock, they may reclaim the amount of the

selling concession from the underwriters and selling group members that sold those shares as part of the offering.

In general, purchases of a security for the purpose of stabilization or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The imposition of a penalty bid might also have an effect on the price of our common stock to the extent that it discourages resales of our common stock.

Neither we nor any of the underwriters makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our common stock. In addition, neither we nor any of the underwriters makes any representation that the representatives will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

42. The statements contained in the previous paragraph were materially false and misleading because the IPO Underwriter Defendants required customers to commit to Tie-in Agreements and created the false appearance of demand for the stock at prices in excess of the IPO price and in violation of Regulation M. At no time did the IPO Registration Statement/Prospectus disclose that the IPO Underwriter Defendants would require their customers seeking to purchase IPO shares to engage in transactions causing the market price of Netro common stock to rise, in transactions that cannot be characterized as stabilizing transactions, over-allotment transactions, syndicate covering transactions or penalty bids.

43. Because the Undisclosed Compensation was, in reality, underwriter compensation, it was required to be disclosed in the IPO Registration Statement/Prospectus. As Regulation S-K, Item 508 (e) provides:

Underwriter's Compensation. Provide a table that sets out the nature of the compensation and the amount of discounts and commissions to be paid to the underwriter for each security and in

total. The table must show the separate amounts to be paid by the company and the selling shareholders. **In addition, include in the table all other items considered by the National Association of Securities Dealers to be underwriting compensation for purposes of that Association's Rules of Fair Practice.** (Emphasis added).

44. The NASD specifically addresses what constitutes underwriting compensation in NASD Conduct Rule 2710(c)(2)(B) (formerly Article III, Section 44 of the Association's Rules of Fair Practice):

For purposes of determining the amount of underwriting compensation, all items of value received or to be received from any source by the underwriter and related persons which are deemed to be in connection with or related to the distribution of the public offering as determined pursuant to subparagraphs (3) and (4) below shall be included. (Emphasis added).

45. NASD Conduct Rule 2710(c)(2)(c) specifically requires:

If the underwriting compensation includes items of compensation in addition to the commission or discount disclosed on the cover page of the prospectus or similar document, a footnote to the offering proceeds table on the cover of the prospectus or similar document shall include a cross-reference to the section on underwriting or distribution arrangements.

46. Contrary to applicable law, the IPO Registration Statement/Prospectus did not set forth, by footnote or otherwise, the Undisclosed Compensation.

47. Instead, the IPO Registration Statement/Prospectus misleadingly stated that the underwriting syndicate would receive as compensation an underwriting discount of \$0.56 per share, or a total of \$2,800,000 based on the spread between the per share proceeds to Netro (\$7.44) and the Offering price to the public (\$8.00 per share). This disclosure was materially false

and misleading as it misrepresented underwriting compensation by failing to include Undisclosed Compensation.

48. In addition, the IPO Registration Statement/Prospectus stated:

The representatives have advised us that they propose initially to offer the shares of our common stock to the public at the public offering price set forth on the cover page of this prospectus [\$8.00], and to certain dealers at such price less a concession...

49. The IPO Registration Statement/Prospectus was materially false and misleading in that in order to receive share allocations from the IPO Underwriter Defendants in the Netro IPO, customers were required to pay an amount in excess of the IPO price in the form of Undisclosed Compensation and/or Tie-in Agreements.

50. NASD Conduct Rule 2330(f) further prohibits an underwriter from sharing directly or indirectly in the profits in any account of a customer:

[N]o member or person associated with a member shall share directly or indirectly in the profits or losses in any account of a customer carried by the member or any other member.

51. The IPO Underwriter Defendants' scheme was dependent upon customers obtaining substantial profits by selling share allocations from the IPO and paying a material portion of such profits to the IPO Underwriter Defendants. In this regard, the IPO Underwriter Defendants shared in their customers' profits in violation of NASD Conduct Rule 2330(f).

52. The failure to disclose the IPO Underwriter Defendants' unlawful profit-sharing arrangement as described herein, rendered the IPO Registration Statement/Prospectus materially false and misleading.

53. NASD Conduct Rule 2440 governs Fair Prices and Commissions and, in relevant part, provides that a member:

shall not charge his customer more than a fair commission or service charge, taking into consideration all relevant circumstances, including market conditions with respect to such security at the time of the transaction, the expense of executing the order and the value of any service he may have rendered by reason of his experience in and knowledge of such security and market therefor.

54. Guideline IM-2440 of the NASD states, in relevant part:

It shall be deemed a violation of . . . Rule 2440 for a member to enter into any transaction with a customer in any security at any price not reasonably related to the current market price of the security or to charge a commission which is not reasonable. . . . A mark-up of 5% or even less may be considered unfair or unreasonable under the 5% policy.

55. The IPO Registration Statement/Prospectus was materially false and misleading due to its failure to disclose the material fact that the IPO Underwriter Defendants were charging customers commissions that were unfair, unreasonable, and excessive as consideration for receiving allocations of shares in the IPO.

MARKET MANIPULATION THROUGH THE USE OF ANALYSTS

56. As demonstrated in the "Use of Analysts" section of the Master Allegations, in furtherance of their manipulative scheme, IPO Underwriter Defendants Merrill Lynch, Robertson Stephens (BancBoston) and Dain Rauscher improperly used their analysts, who suffered from conflicts of interest, to issue glowing research reports and positive recommendations at or about the expiration of the "quiet period" so as to manipulate the Issuer's aftermarket stock price.

57. On September 13, 1999, at or about the expiration of the quiet period with respect to the Netro IPO, Merrill Lynch, Dain Rauscher and Robertson Stephens (BancBoston) each

initiated coverage with favorable recommendations on Netro common stock. Merrill Lynch initiated coverage with a near-term "Accumulate," long-term "Buy" rating; Dain Rauscher initiated coverage with a "Strong Buy" recommendation; and Robertson Stephens (BancBoston), through its analyst Paul Johnson ("Johnson"), initiated coverage with a "Buy" recommendation. Johnson and Robertson Stephens reiterated its "Buy" recommendation on October 21, 1999 and again on January 28, 2000.

UNLAWFUL CONDUCT IN CONNECTION WITH THE SECONDARY OFFERING

58. Consistent with their conduct in other secondary (or add-on) offerings as set forth herein, the "Secondary Offering Underwriter Defendants" engaged in unlawful practices described more fully herein in connection with the Secondary Offering.

59. For example, customers of Dain Rauscher, Goldman Sachs, Lehman Brothers and Robertson Stephens (FleetBoston), in order to receive an allocation of stock in otherwise unrelated initial public offerings, were required or induced to purchase shares in the Netro in the Secondary Offering.

THE SECONDARY OFFERING

60. On March 9, 2000, just days prior to the Secondary Offering, *Business Wire* reported that "[s]hares of Netro are up 66% in 2 days."

61. On or about March 17, 2000, approximately seven months after the IPO, an additional 6,000,000 shares of Netro were sold in the Secondary Offering at \$82.50 per share (more than ten times the IPO price) pursuant to the materially false and misleading Secondary Offering Registration Statement/Prospectus.

62. The Secondary Offering Registration Statement/Prospectus stated that "[t]he common stock is quoted on the Nasdaq National Market under the symbol 'NTRO'. The last reported sale price of the common stock on March 16, 2000 was \$87.00 per share." This statement was materially false and misleading in that it failed to disclose that the stock's market price and the price at which the Secondary Offering was sold to the public were artificially inflated and the product of a manipulated market. As set forth above, the IPO Underwriter Defendants had required customers to agree to Tie-in Agreements and/or pay Undisclosed Compensation, thereby artificially inflating the price of Netro's common stock in the aftermarket.

63. Also omitted from disclosure in the Secondary Offering Registration Statement/Prospectus was the material fact that demand for the Secondary Offering was artificially inflated. As set forth herein, customers of certain Underwriter Defendants were required to make purchases of shares in the Secondary Offering in order to receive allocations of shares in the Netro IPO and/or other "hot" initial public offerings underwritten by such Defendants.

64. As demonstrated in the "Use of Analysts" section of the Master Allegations, in furtherance of their manipulative scheme, Lehman Brothers and Goldman Sachs improperly used their analysts, who suffered from conflicts of interest, to help support the market following the Secondary Offering.

65. For example, on March 21, 2000, just a few days after the Secondary Offering, Lehman Brothers initiated coverage with a "Buy" rating and set a 12 month price target of \$125 per share, at a time when Netro's stock was trading at or about \$82.50 per share. On March 27,

2000, Goldman Sachs initiated coverage with a "Market Outperform" rating. On April 25, 2000, Johnson and Robertson Stephens reiterated their "Buy" recommendation.

66. The price target set forth in the Lehman Brothers report was materially false and misleading as it was based upon a manipulated price.

THE END OF THE CLASS PERIOD

67. On December 6, 2000, The Wall Street Journal published an article concerning an investigation of various improper initial public offering practices.

DEFENDANTS' UNLAWFUL CONDUCT ARTIFICIALLY INFLATED THE PRICE OF THE ISSUER'S STOCK

68. Defendants' conduct alleged herein had the effect of inflating the price of the Issuer's common stock above the price that would have otherwise prevailed in a fair and open market throughout the Class Period.

90. Each of the Secondary Offering Underwriter Defendants is liable as an underwriter in connection with the Secondary Offering.

91. The Defendants named in this Claim are liable to Plaintiffs and other members of the Class who purchased or otherwise acquired shares of the Issuer's common stock traceable to the Secondary Offering.

92. By virtue of the foregoing, Plaintiffs and other members of the Class who purchased or otherwise acquired shares of the Issuer's common stock traceable to the Secondary Offering are entitled to damages pursuant to Section 11.

93. This Claim was brought within one year after discovery of the untrue statements and omissions in the Secondary Offering Registration Statement, or after such discovery should have been made by the exercise of reasonable diligence, and within three years after the Issuer's common stock was bona fide offered to the public in connection with the Secondary Offering.

FOURTH CLAIM

**(AGAINST THE INDIVIDUAL DEFENDANTS
FOR VIOLATION OF SECTION 15
RELATING TO THE SECONDARY OFFERING)**

94. Plaintiffs repeat and reallege the allegations set forth above in the Third Claim as if set forth fully herein.

95. This Claim is brought against the Individual Defendants pursuant to Section 15 of the Securities Act, 15 U.S.C. § 77o, on behalf of Plaintiffs and other members of the Class who

purchased or otherwise acquired shares of the Issuer's common stock traceable to the Secondary Offering.

96. The Issuer is liable under Section 11 of the Securities Act as set forth in the Third Claim herein with respect to the Secondary Offering.

97. Each of the Individual Defendants was a control person of the Issuer with respect to the Secondary Offering by virtue of that individual's position as a senior executive officer and/or Director of the Issuer.

98. The Individual Defendants, by virtue of their managerial and/or board positions with the Company, controlled the Issuer as well as the contents of the Secondary Offering Registration Statement at the time of the Secondary Offering. Each of the Individual Defendants was provided with or had unlimited access to copies of the Secondary Offering Registration Statement and had the ability to either prevent its issuance or cause it to be corrected.

99. As a result, the Individual Defendants are liable under Section 15 of the Securities Act for the Issuer's primary violation of Section 11 of the Securities Act.

100. By virtue of the foregoing, Plaintiffs and other members of the Class who purchased or otherwise acquired shares of the Issuer's common stock traceable to the Secondary Offering are entitled to damages against the Individual Defendants.

VIOLATIONS OF THE EXCHANGE ACT

APPLICABILITY OF PRESUMPTION OF RELIANCE: FRAUD-ON-THE-MARKET DOCTRINE

101. Plaintiffs will rely, in part, upon the presumption of reliance established by the fraud-on-the-market doctrine in that:

(a) Defendants named under Claims brought pursuant to the Exchange Act made public misrepresentations or failed to disclose material facts during the Class Period regarding the Issuer as alleged herein;

(b) The omissions and misrepresentations were material;

(c) Following the IPO and continuing throughout the Class Period, the Issuer's stock was traded on a developed national stock exchange, namely the NASDAQ National Market, which is an open and efficient market;

(d) The Issuer filed periodic reports with the SEC;

(e) The Issuer was followed by numerous securities analysts;

(f) The market rapidly assimilated information about the Issuer which was publicly available and communicated by the foregoing means and that information was promptly reflected in the price of the Issuer's common stock; and

(g) The misrepresentations and omissions and the manipulative conduct alleged herein would tend to induce a reasonable investor to misjudge the value of the Issuer's common stock.

EXCHANGE ACT CLAIMS - THE UNDERWRITER DEFENDANTS

THE UNDERWRITER DEFENDANTS ACTED WITH SCIENTER

102. As alleged herein, the Underwriter Defendants acted with scienter in that they: (a) knowingly or recklessly engaged in acts and practices and a course of conduct which had the effect of artificially inflating the price of the Issuer's common stock in the aftermarket; (b) knowingly or recklessly disregarded that the IPO Registration Statement/Prospectus as set forth herein was materially false and misleading; (c) knowingly or recklessly disregarded that the

Secondary Offering Registration Statement/Prospectus as set forth herein was materially false and misleading; and/or (d) knowingly or recklessly misused their analysts in connection with analyst reports.

103. In addition, each of the Underwriter Defendants violated the federal securities laws as they sold the Issuer's shares in and/or after the Offerings and/or recommended the Issuer's stock while in possession of material, non-public information, which they failed to disclose.

104. As evidenced by the public statements of CSFB published by The Wall Street Journal on or about June 29, 2001, the practices employed by the IPO Underwriter Defendants in connection with public offerings complained of herein were widespread throughout the financial underwriting community. In this regard, CSFB, which recently settled regulatory claims of misconduct concerning its initial public offering allocation practices, stated during the pendency of the government's investigation, "[w]e continue to believe our [initial public offering] allocation policies are consistent with those employed by others in the industry."

105. The Underwriter Defendants knew from their direct participation in the manipulation of the IPO, or recklessly disregarded as a result of their experience with other manipulated offerings as set forth in the "Matrix" section of the Master Allegations, that the manipulations alleged herein were taking place with respect to the IPO and were not disclosed in the Registration Statements or Prospectuses issued in connection with the Offerings or elsewhere during the Class Period.

106. As required by NASD Conduct Rule 3010(c), each of the IPO Underwriter Defendants had in place compliance procedures so as to better inform itself whether it was acting in the unlawful manner alleged herein.

107. Senior management of each of the Underwriter Defendants had regular access to and received timely written reports tracking the account activity of each of its customers. By comparing the ratio of brokerage firm commission income per account with the amount of dollars invested by such account that received allocations of shares in the IPO, senior management knew, or was reckless in not knowing, that such commissions were disproportionately high relative to that customer's total investment and imposed on management a duty of inquiry as is customary in the industry. Such inquiry would have revealed the illegal practices described herein. Any failure to conduct such inquiry was, at the very least, reckless and further demonstrates that the Underwriter Defendants knew or recklessly disregarded the misconduct alleged herein.

108. Certain of the Underwriter Defendants also had the motive and opportunity to engage in the wrongful conduct described herein for the following reasons, among others:

(a) Such conduct increased the likelihood that the Issuer would retain certain of the IPO Underwriter Defendants to undertake future investment banking services such as public offerings of equity or debt securities, financial consulting, and possible future acquisitions, thus permitting the IPO Underwriter Defendants to receive additional fees in connection with those services. Specifically, in this regard, Robertson Stephens (FleetBoston) and Dain Rauscher, along with others, were retained to underwrite the Secondary Offering. Whereas the IPO resulted in disclosed underwriter compensation of \$2,800,000, the Secondary Offering provided disclosed underwriter compensation of \$24,750,000. (See also "Additional Investment Banking Business" section of the Master Allegations).

(b) Such conduct increased the likelihood of attracting the business of new issuers for the underwriting of initial and secondary public offerings, as well as debt and

convertible offerings, and related investment banking fees, while simultaneously sustaining and/or enhancing their reputations as investment banks. (See "Attracting New Investment Banking Clients" section of the Master Allegations).

(c) The Undisclosed Compensation of the Underwriter Defendants was directly proportional to the amount of the aftermarket price increase achieved by the manipulative scheme as their customers were required to pay a percentage of their profits. The larger the profits, the greater the payment. (See "Maximizing Undisclosed Compensation" section of the Master Allegations).

(d) Certain of the Underwriter Defendants' analysts were motivated to and did issue favorable recommendations for companies they covered because their compensation was, at least in part, tied to the amount of investment banking fees received by their respective firms in connection with financial services provided to such companies. (See "Analyst Compensation" section of the Master Allegations).

(e) Certain of the IPO Underwriter Defendants' analysts were further motivated to and did issue favorable recommendations because they personally owned pre-IPO stock in companies they were recommending. For example, Paul Johnson, the senior Robertson Stephens analyst covering Netro, recommended several companies in which he held Pre-IPO shares. (See "Personal Investments of Analysts" section of the Master Allegations).

(f) In addition, as set forth in the IPO Registration Statement/Prospectus, Merrill Lynch, Dain Rauscher and Robertson Stephens (BancBoston) were further motivated as various of their affiliates respectively held 28,572 shares, 642,674 shares and 64,267 shares of Netro common stock as of the IPO. These Defendants saw the value of their affiliates'

investments in Netro common stock skyrocket in aftermarket trading following the IPO. In addition, ML IBK Positions, a Merrill Lynch affiliate, filed a Form 144 on March 17, 2000, the date of the Secondary Offering, noting its proposed sale of 128,534 shares while Netro's stock was trading at approximately \$82.50 per share. On July 17, 2000, ML IBK Positions filed a Form 144 noting its proposed sale of 514,140 shares at a time when the price of Netro's stock was trading at approximately \$74.00 per share. These sales, if completed, would have resulted in proceeds of approximately \$48 million.

(g) Secondary Underwriter Defendant Goldman Sachs was further motivated to conceal or to recklessly disregard the manipulation of the IPO, by its extensive beneficial holdings in Netro. According to the Secondary Offering Registration Statement/Prospectus, five of its related entities, GS Capital Partners II L.P., GS Capital Partners II Offshore L.P., Stone Street Fund 1997 L.P., Bridge Street Fund 1997 L.P. and Goldman Sachs & Co. Vermaltungs GmbH, had acquired 268,899, 106,898, 28,849, 14,008 and 9,918 shares of Netro's common stock, respectively, prior to the Secondary Offering, for total holdings of 428,527 shares of common stock. This stake was worth more than \$35 million at the Secondary Offering price.

FIFTH CLAIM

**(FOR VIOLATIONS OF SECTION 10(b) AND RULE 10b-5
THEREUNDER AGAINST THE IPO UNDERWRITER DEFENDANTS
BASED UPON DECEPTIVE AND MANIPULATIVE PRACTICES
IN CONNECTION WITH THE IPO)**

109. Plaintiffs repeat and reallege the allegations set forth above as though fully set forth herein at length except for Claims brought pursuant to the Securities Act.

110. This Claim is brought pursuant to Section 10(b) of the Exchange Act and Rule 10b-5 promulgated thereunder, on behalf of Plaintiffs and other members of the Class against the IPO Underwriter Defendants. This Claim is based upon the deceptive and manipulative practices of the IPO Underwriter Defendants.

111. During the Class Period, the IPO Underwriter Defendants carried out a plan, scheme and course of conduct which was intended to and, throughout the Class Period, did: (a) deceive the investing public, including Plaintiffs and other members of the Class by means of material misstatements and omissions, as alleged herein; (b) artificially inflate and maintain the market price and trading volume of the Issuer's common stock; and (c) induce Plaintiffs and other members of the Class to purchase or otherwise acquire the Issuer's common stock at artificially inflated prices. In furtherance of this unlawful scheme, plan and course of conduct, the IPO Underwriter Defendants took the actions set forth herein.

112. The IPO Underwriter Defendants employed devices, schemes, and artifices to defraud and/or engaged in acts, practices and a course of business which operated as a fraud and deceit upon the Plaintiffs and other members of the Class in an effort to inflate and artificially maintain high market prices for the Issuer's common stock in violation of Section 10(b) of the

Exchange Act and Rule 10b-5. The IPO Underwriter Defendants are sued as primary participants in the unlawful conduct charged herein.

113. The IPO Underwriter Defendants, individually and in concert, directly and indirectly, by the use of means or instrumentalities of interstate commerce and/or of the mails, engaged and participated in a continuous course of conduct to conceal their unlawful practices and course of business which operated as a fraud and deceit upon Plaintiffs and other members of the Class.

114. The IPO Underwriter Defendants had actual knowledge of or recklessly disregarded the existence of the Tie-in Agreements, the requirement that customers pay Undisclosed Compensation and the manipulations alleged herein.

115. Each of the IPO Underwriter Defendants held itself out as an NASD member and was required to observe high standards of commercial honor and just and equitable principles of trade (NASD Conduct Rule 2110). The IPO Underwriter Defendants owed to Plaintiffs and other members of the Class the duty to conduct the IPO and the trading of the Issuer's common stock in a fair, efficient and unmanipulated manner.

116. By virtue of the foregoing, the IPO Underwriter Defendants violated Section 10(b) of the Exchange Act and Rule 10b-5.

117. As a result of the manipulative conduct set forth herein, Plaintiffs and other members of the Class purchased or otherwise acquired the Issuer's common stock during the Class Period at artificially inflated prices and were damaged thereby.

SIXTH CLAIM

**(FOR VIOLATIONS OF SECTION 10(b) AND RULE 10b-5
THEREUNDER AGAINST THE SECONDARY OFFERING UNDERWRITER
DEFENDANTS BASED UPON DECEPTIVE PRACTICES
IN CONNECTION WITH THE SECONDARY OFFERING)**

118. Plaintiffs repeat and reallege the allegations set forth above as though fully set forth herein at length except for Claims brought pursuant to the Securities Act.

119. This Claim is brought pursuant to Section 10(b) of the Exchange Act and Rule 10b-5 promulgated thereunder, on behalf of Plaintiffs and other members of the Class who purchased or otherwise acquired the Issuer's common stock in or after the Secondary Offering against the Secondary Offering Underwriter Defendants. This Claim is based upon the deceptive practices of the Secondary Offering Underwriter Defendants.

120. The Secondary Offering Underwriter Defendants carried out a plan, scheme and course of conduct which was intended to and did: (a) deceive the investing public, including Plaintiffs and other members of the Class by means of material misstatements and omissions, as alleged herein; (b) artificially inflate and maintain the market price and trading volume of the Issuer's common stock; and (c) induce Plaintiffs and other members of the Class to purchase or otherwise acquire the Issuer's common stock at artificially inflated prices. In furtherance of this unlawful scheme, plan and course of conduct, the Secondary Offering Underwriter Defendants took the actions set forth herein.

121. The Secondary Offering Underwriter Defendants employed devices, schemes, and artifices to defraud and/or engaged in acts, practices and a course of business which operated as a fraud and deceit upon Plaintiffs and other members of the Class in an effort to artificially inflate

and maintain high market prices for the Issuer's common stock in violation of Section 10(b) of the Exchange Act and Rule 10b-5. The Secondary Offering Underwriter Defendants are sued as primary participants in the unlawful conduct charged herein.

122. The Secondary Offering Underwriter Defendants, individually and in concert, directly and indirectly, by the use of means or instrumentalities of interstate commerce and/or of the mails, engaged and participated in a continuous course of conduct to conceal their unlawful practices and course of business which operated as a fraud and deceit upon Plaintiffs and other members of the Class.

123. The Secondary Offering Underwriter Defendants had actual knowledge of or recklessly disregarded the material fact that demand for the Secondary Offering was artificially inflated, due, in large part, to the requirement of these Defendants that customers could only obtain allocations in "hot" initial public offerings by purchasing shares in the Secondary Offering.

124. Each of the Secondary Offering Underwriter Defendants held itself out as an NASD member and was required to observe high standards of commercial honor and just and equitable principles of trade (NASD Conduct Rule 2110). The Secondary Offering Underwriter Defendants owed to Plaintiffs and other members of the Class the duty to conduct the Secondary Offering and the trading of the Issuer's common stock in a fair, efficient and unmanipulated manner.

125. By virtue of the foregoing, the Secondary Offering Underwriter Defendants violated Section 10(b) of the Exchange Act and Rule 10b-5.

126. As a result of the deceptive conduct set forth herein, Plaintiffs and other members of the Class purchased or otherwise acquired the Issuer's common stock during the Class Period

without knowledge of the fraud alleged herein at artificially inflated prices and were damaged thereby.

SEVENTH CLAIM

**(FOR VIOLATIONS OF SECTION 10(b) AND RULE 10b-5
THEREUNDER AGAINST THE UNDERWRITER DEFENDANTS
BASED UPON MATERIALLY FALSE AND MISLEADING
STATEMENTS AND OMISSIONS OF MATERIAL FACTS)**

127. Plaintiffs repeat and reallege the allegations set forth above as though fully set forth herein at length except for Claims brought pursuant to the Securities Act.

128. This Claim is brought pursuant to Section 10(b) of the Exchange Act and Rule 10b-5 promulgated thereunder, on behalf of Plaintiffs and other members of the Class who purchased or otherwise acquired the Issuer's common stock during the Class Period against the Underwriter Defendants. This Claim is based upon materially false and misleading statements and omissions of material facts.

129. Each of the Underwriter Defendants: (a) employed devices, schemes, and artifices to defraud; (b) made untrue statements of material fact and/or omitted to state material facts necessary to make the statements not misleading; and (c) engaged in acts, practices and a course of business which operated as a fraud and deceit upon Plaintiffs and other members of the Class in violation of Section 10(b) of the Exchange Act and Rule 10b-5.

130. During the Class Period, the Underwriter Defendants: (a) deceived the investing public, including Plaintiffs and other members of the Class, as alleged herein; (b) artificially inflated and maintained the market price of and demand for the Issuer's common stock; and (c) induced Plaintiffs and other members of Class to purchase or otherwise acquire the Issuer's stock

at artificially inflated prices. In furtherance of this unlawful course of conduct, the Underwriter Defendants took the actions set forth herein.

131. The Underwriter Defendants, directly and indirectly, by the use of means or instrumentalities of interstate commerce and/or of the mails, engaged and participated in a continuous course of conduct to conceal material information as set forth more particularly herein, and engaged in transactions, practices and a course of business which operated as a fraud and deceit upon Plaintiffs and other members of the Class.

132. The Underwriter Defendants, either directly or through their designated representatives, prepared and reviewed the IPO Registration Statement/ Prospectus and/or the Secondary Offering Registration Statement/Prospectus for those Offerings in which they served as underwriters. In addition, the Underwriter Defendants had access to drafts of said documents prior to their filing with the SEC and the dissemination to the public.

133. The material misrepresentations and/or omissions were made knowingly or recklessly and for the purpose and effect of, *inter alia*: (a) securing and concealing the Tie-in Agreements; (b) securing and concealing the Undisclosed Compensation; (c) concealing that the price and demand for the Secondary Offering was artificially inflated; and/or (d) concealing that certain of the Underwriter Defendants and their analysts who reported on the Issuer's stock had material conflicts of interest.

134. As a result of making affirmative statements in the IPO Registration Statement/Prospectus, the Secondary Offering Registration Statement/Prospectus or otherwise, or participating in the making of such affirmative statements, the Underwriter Defendants had a duty to speak fully and truthfully regarding such representations and to promptly disseminate any

other information necessary to make the statements made, in the light of the circumstances in which they were made, not misleading.

135. The Underwriter Defendants also had a duty to disclose the material, non-public information complained of herein or to abstain from selling the Issuer's common stock in the IPO, the Secondary Offering, and/or trading or recommending the Issuer's stock in the aftermarket while in possession of such information.

136. By reason of the foregoing, the Underwriter Defendants violated Section 10(b) of the Exchange Act and Rule 10b-5 promulgated thereunder.

137. As a result of the dissemination of materially false and misleading information described above, Plaintiffs and other members of the Class purchased or otherwise acquired the Issuer's common stock during the Class Period without knowledge of the fraud alleged herein at artificially inflated prices and were damaged thereby.

EXCHANGE ACT CLAIMS - THE ISSUER DEFENDANTS

THE ISSUER DEFENDANTS ACTED WITH SCIENTER

138. As alleged herein, the Issuer Defendants acted with scienter in that they: (a) knowingly or recklessly engaged in acts and practices and a course of conduct which had the effect of artificially inflating the price of the Issuer's common stock in the aftermarket; (b) knowingly or recklessly disregarded that the IPO Registration Statement/Prospectus as set forth herein was materially false and misleading; (c) knowingly or recklessly disregarded that the Secondary Offering Registration Statement/Prospectus as set forth herein was materially false and misleading; and/or (d) knowingly or recklessly disregarded the misconduct of the Underwriter Defendants alleged herein.

139. The Issuer Defendants had numerous interactions and contacts with the IPO Underwriter Defendants prior to the IPO from which they knew or recklessly disregarded that the manipulative and deceptive scheme described herein had taken place.

140. In this regard, the IPO Underwriter Defendants provided detailed presentations to the Issuer Defendants regarding the registration process leading up to the IPO and the expected price performance in aftermarket trading based upon previous companies taken public by these underwriters. In addition, the IPO Underwriter Defendants explained the process by which the Issuer Defendants could utilize the Issuer's publicly traded stock as currency in stock based acquisitions, the analyst coverage they would provide for the Issuer upon the successful completion of the IPO and the effect that such positive coverage would have on the aftermarket price of the Issuer's stock. Such presentation also included a discussion of the potential for secondary or add-on offerings.

141. Once the Issuer Defendants had determined to retain the IPO Underwriter Defendants with respect to the Issuer's initial public offering, the Issuer Defendants worked closely with the IPO Underwriter Defendants in preparing the IPO Registration Statement/Prospectus, as well as generating interest in the IPO by speaking with various, but selected groups of investors.

142. During the course of these presentations, known as "Road Shows," the Issuer Defendants learned of or recklessly disregarded the misconduct described herein. In this regard, the Chief Executive Officer, the Chief Financial Officer and/or other high-ranking Issuer employees worked side by side with representatives of the IPO Underwriter Defendants while visiting with several potential investors in a given city on a daily basis over a two to three week

period to promote interest in the IPO. These presentations were all scheduled by and attended by representatives of the IPO Underwriter Defendants.

143. As a result of the close interaction between the Issuer Defendants and the IPO Underwriter Defendants, the Issuer Defendants learned of, became aware of or recklessly disregarded the misconduct described herein. (See "Issuer Defendants" section of the Master Allegations).

144. Certain of the Issuer Defendants had the motive and opportunity to engage in the wrongful conduct described herein for, among others, the following reasons:

(a) The Individual Defendants had beneficial ownership of substantial personal holdings in the Issuer's common stock as of the IPO, including the following: Defendant Ben-Efraim owned 4,400,000 shares, Defendant Moley owned 423,125 shares and Defendant Everett owned 245,000 shares. These holdings, which were purchased or otherwise acquired at prices below the IPO price, substantially increased in value as a result of the misconduct alleged herein.

(b) The Individual Defendants were motivated by the fact that the artificially inflated price of the Issuer's shares in the aftermarket would enable Individual Defendants to sell personal holdings in the Issuer's securities at artificially inflated prices in the aftermarket or otherwise. In 2000, Defendant Everett sold over 155,000 shares for proceeds of more than \$9 million, while Defendant Ben-Efraim sold 230,000 shares for proceeds of more than \$11 million. In addition, the artificially inflated stock price allowed the Issuer to raise the excess of \$38.2 million in cash in the Secondary Offering.

(c) The Issuer Defendants were further motivated by the fact that the Issuer's artificially inflated stock price could be utilized as currency in negotiating and/or consummating

stock-based acquisitions after the IPO. In this regard, artificially inflated shares were utilized to acquire Fixed Wireless Assets on February 13, 2002 in a cash and stock transaction.

EIGHTH CLAIM

**(FOR VIOLATIONS OF SECTION 10(b) AND RULE 10b-5
THEREUNDER AGAINST THE ISSUER DEFENDANTS
BASED UPON MATERIALLY FALSE AND MISLEADING STATEMENTS
AND OMISSIONS OF MATERIAL FACTS)**

145. Plaintiffs repeat and reallege the allegations set forth above as though fully set forth herein at length except for Claims brought pursuant to the Securities Act.

146. This Claim is brought pursuant to Section 10(b) of the Exchange Act and Rule 10b-5 promulgated thereunder, on behalf of Plaintiffs and other members of the Class against the Issuer and the Individual Defendants. This Claim is based upon materially false and misleading statements and omissions of material facts made by the Issuer and the Individual Defendants during the Class Period.

147. The Issuer and the Individual Defendants: (a) employed devices, schemes, and artifices to defraud; (b) made untrue statements of material fact and/or omitted to state material facts necessary to make the statements not misleading; and (c) engaged in acts, practices and a course of business which operated as a fraud and deceit upon Plaintiffs and other members of the Class in violation of Section 10(b) of the Exchange Act and Rule 10b-5.

148. During the Class Period, the Issuer and the Individual Defendants carried out a plan, scheme and course of conduct which was intended to and, throughout the Class Period, did: (a) deceive the investing public, including Plaintiffs and other members of the Class, as alleged herein; (b) artificially inflate and maintain the market price of and demand for the Issuer's common

stock; and (c) induce Plaintiffs and other members of the Class to acquire the Issuer's common stock at artificially inflated prices. In furtherance of this unlawful course of conduct, the Issuer and the Individual Defendants took the actions set forth herein.

149. The Issuer and the Individual Defendants, directly and indirectly, by the use of means or instrumentalities of interstate commerce and/or of the mails, engaged and participated in a continuous course of conduct to conceal material information as set forth more particularly herein, and engaged in transactions, practices and a course of business which operated as a fraud and deceit upon Plaintiffs and other members of the Class.

150. The Issuer and the Individual Defendants prepared and reviewed documents alleged to contain the materially false and misleading statements and/or omissions complained of herein. In addition, the Individual Defendants had access to drafts of these documents prior to their filing with the SEC and dissemination to the public.

151. The material misrepresentations and/or omissions were made knowingly or recklessly and for the purpose and effect of concealing that the Underwriter Defendants had engaged in the manipulative and deceptive scheme alleged herein and that the Issuer and the Individual Defendants would benefit financially as a result of said scheme.

152. As a result of making such affirmative statements, or participating in the making of such affirmative statements, the Issuer and the Individual Defendants had a duty to speak fully and truthfully regarding such representations and to promptly disseminate any other information necessary to make the statements made, in the light of the circumstances in which they were made, not misleading.

153. By reason of the foregoing, the Issuer and the Individual Defendants violated Section 10(b) of the Exchange Act and Rule 10b-5 promulgated thereunder.

154. As a result of the dissemination of materially false and misleading information described above, Plaintiffs and other members of the Class purchased or otherwise acquired the Issuer's common stock during the Class Period without knowledge of the fraud alleged herein at artificially inflated prices and were damaged thereby.

NINTH CLAIM

(FOR VIOLATIONS OF SECTION 20(a) AGAINST THE INDIVIDUAL DEFENDANTS BASED UPON MATERIALLY FALSE AND MISLEADING STATEMENTS AND OMISSIONS OF MATERIAL FACTS)

155. Plaintiffs repeat and reallege the allegations set forth above as though fully set forth herein at length except for Claims brought pursuant to the Securities Act.

156. The Individual Defendants acted as controlling persons of the Issuer within the meaning of Section 20(a) of the Exchange Act as alleged herein and culpably participated in the wrongdoing. By virtue of their high-level positions, and their ownership and contractual rights, participation in and/or awareness of the Issuer's operations and/or intimate knowledge of the underwriting of the IPO, the Individual Defendants had the power to influence and control and did influence and control, directly or indirectly, the decision-making of the Issuer, including the content and dissemination of the documents that contain the materially false and misleading statements and/or omissions complained of herein. The Individual Defendants were provided with or had unlimited access to copies of these documents prior to or shortly after they were filed with

the SEC and/or disseminated to the public and had the ability to prevent their filing and/or dissemination or cause the documents to be corrected.

157. Each of these Individual Defendants had direct and supervisory involvement in the day-to-day operations of the Issuer and, therefore, is presumed to have had the power to control or influence the particular transactions giving rise to the securities violations herein, and exercise the same.

158. By virtue of their positions as controlling persons of the Issuer, the Individual Defendants are liable pursuant to Section 20(a) of the Exchange Act. As a direct and proximate result of this wrongful conduct, Plaintiffs and other members of the Class were damaged thereby.

PRAYER FOR RELIEF

WHEREFORE, Plaintiffs, individually and on behalf of the Class, pray for judgment as follows:

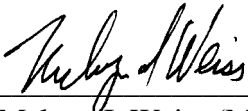

- A. Declaring this action to be a class action pursuant to Rule 23(a) and (b)(3) of the Federal Rules of Civil Procedure and certifying Plaintiffs as representatives of the Class and their counsel as class counsel;
- B. Awarding damages to Plaintiffs and the Class;
- C. Awarding Plaintiffs and the Class prejudgment and post-judgment interest, as well as reasonable attorneys' and experts' witness fees and other costs; and
- D. Awarding such other and further relief as this Court may deem just and proper.
