5. I submit this declaration in support of my application for a compensatory award in consideration of my services and responsibilities as a representative party in this case.

6. I have monitored the progress of the case from the outset. I have been in regular contact with the Executive Committee of Plaintiffs' Counsel throughout the litigation both to discuss the factual allegations, legal issues and case strategy. I have called counsel on occasion and was in regular contact with various attorneys and/or legal assistants at the law firm of Barroway Topaz Kessler Meltzer Check LLP throughout the eight years of this litigation.

7. Among other things, I reviewed drafts of pleadings, pleadings, discovery requests and various status letters sent to me by my counsel in order to keep myself informed of the

events in this litigation and to act in the interests of the Class. I have also searched for and produced documents relating to my own transactions during the class period and completed and executed a detailed questionnaire that was produced to defendants.

8. I have kept track of my time being involved in this litigation and have expended approximately 50 hours on this case since its inception in 2001. Had I not been working on this litigation, the time I spent would have otherwise been directly devoted to my employment as a Quality Assurance Manager and therefore amounts to foregone income and opportunities. Apart from compensation for my losses resulting from purchases of the IPO securities as provided in the Settlement, or pursuant to this application for reimbursement of my costs and expenses, I will not be paid, directly or indirectly, any money for participating in this lawsuit.

10. At all times during this litigation, I have taken my obligations as a representative party seriously and have been committed to performing my duties in a manner that benefits the best interests of the Class.

11. I declare under penalty of perjury that the foregoing is true and correct.
