2. I am a proposed settlement class representative, proposed class representative, and Lead Plaintiff in the Aether Systems action.
3. I submit this declaration in support of my application for a compensatory award in consideration of my services and responsibilities as a representative party in this case.

6. I have kept track of my time being involved in this litigation and have expended approximately 60 hours on this case since its inception in 2001. Had I not been working on this litigation, the time I spent would have otherwise been directly devoted to my employment as a

Apart from compensation for my losses resulting from purchases of the IPO securities as provided in the Settlement, or pursuant to this application for reimbursement of my costs and expenses, I will not be paid, directly or indirectly, any money for participating in this lawsuit.

8. At all times during this litigation, I have taken my obligations as a representative party seriously and have been committed to performing my duties in a manner that benefits the best interests of the Class.

9. I declare under penalty of perjury that the foregoing is true and correct.
